### What We Plan to Do

The issue of nuisance motorbikes across the borough is being addressed with the installation of signage explaining powers which include seizing any unauthorised vehicle. The signs are being put up in a variety of areas including Gobions Park, Colne Field and Coalhouse Fort.

Dispersal orders continue to be used in appropriate areas across the borough to address issues of Anti-social Behaviour.

We are introducing 'No Cold Calling Areas' at sheltered housing complexes where required in Thurrock, to protect residents from rogue traders and burglars.

### How You Can Help Us:

The Partners of the Thurrock Community Safety Partnership continue to work to make your area safer and feel safer. Neighbourhood Policing Teams dedicate 80 per cent of their time patrolling your neighbourhood but they cannot be on every street every minute of the day.

Everyone can make a difference in the fight against crime, ensuring they secure their home, car, garage and shed and avoid leaving valuables on show. Remember to shut all doors and windows and never leave your car running while unattended. Property marking kits are also available from your local police station.
